

Powerful alone, better together

Give your team the ability to create solutions that accelerate business

The Microsoft Power Platform allows you to work together to meet challenges effectively by analyzing data, build solutions, automating processes, and creating virtual agents.

Together the Power Platform is more than the sum of its parts. Connect them—and Office 365, Dynamics 365, Azure, and hundreds of other apps—and build end-to-end business solutions.

Power BI

Make informed, confident business decisions by putting data-driven insights into everyone's hands.

Power Apps

Turn ideas into solutions by enabling and empowering your team to build custom apps that solve business challenges.

Power Automate

Boost business productivity and get more done by giving your team the resources and ability to automate organizational processes.

Power Virtual Agents

Easily build chatbots to engage conversationally with your customers and employees—no coding required.

KTL Solutions is a Microsoft Gold Certified Partner. Contact us to learn more about how implementing Microsoft Power Platform can help you reach your business goals.
